

Your very own CARL

### How to use CARL mini

We suggest printing him on cardstock and cutting him out carefully with sharp scissors. Then take fun photos with him and share the photos with MLJ Adoptions.

Here are some ideas:

- Pose CARL with signs, in front of landmarks, or with culturally unique food or other items while traveling.
- Pose CARL delivering adoption paperwork to the post office, waiting in an airport, at a fundraiser, or participating in other parts of the adoption process.
- Take CARL with you site-seeing.
- Once your child(ren) comes home, take a family photo with CARL.

Any identifying information will be removed from photos submitted or the photo will not be used. This includes photos of the children you adopt before they are safe in your home.

Submit all photos via email to [Shireen@MLJadoptions.com](mailto:Shireen@MLJadoptions.com) to become a part of CARL's adventures.
